

Feedback for Future

**DESIGNED
TO LEARN**

USING DESIGN THINKING
TO BRING PURPOSE AND PASSION
TO THE CLASSROOM

What is something you learned that

- was **surprising** to you?
- you are still **curious** about?
- is still **confusing** to you?

Self-Assessment for Learning

Metacognition: Knowing About Knowing	Self-Regulated Learning: Skills for Learning	Epistemological Beliefs: Beliefs About Knowledge
<ul style="list-style-type: none">• What do I already know about this content?• What do I need to know to better understand this content?• What supports do I need to better understand this content?• Where can I get additional information about this content?• How will I know when I understand this content?	<ul style="list-style-type: none">• What is my goal for learning this content?• How much time will I have to spend to better understand this content?• What strategies can I use to understand this content?• What strategies can I use to learn, remember, and apply information?• What strategies for learning would I like help strengthening?	<ul style="list-style-type: none">• Is this knowledge certain, or is it likely to change?• Who constructed this knowledge, and what is their experience?• Is this knowledge connected to other areas I know about, or is it completely distinct?• How much evidence is there in support of this knowledge?
